Developmental Education and College Readiness

13 KAR 2:020 is Kentucky's comprehensive administrative regulation, set by the Council on Postsecondary Education, that establishes minimum requirements for entering Kentucky's public colleges and universities, conditional admissions qualifications, transfer admissions and advising obligations, dual credit provisions, and institutional responsibilities to students who start college unprepared for college-level work.

The Council approved changes to this administrative regulation at its January 2009 meeting (see attached agenda). The administrative regulation will go through a public hearing and review by the Administrative Regulation Subcommittee and the Interim Joint Committee on Education.

CPE academic affairs staff will present a general overview of the status at the February 16 meeting.
